DOGS PANEL

Fine Poplin
06802.001

Instructions

Required materials

- 1 DIY panel, article 06802 from POPPY FABRICS
- Matching fabric for the backside (we recommend: article Cotton Poplin 06006.082), total size Ø 91 cm
- Body fabric for Cuddle cloth (we recommend: article Double Gauze GOTS 03959.062), total size 70 x 35 cm
- Sewing machine and stitching thread
- Fiberfill 280grms Ø 90 cm
- Vlieseline H200 Fusible interfacing
- Toy stuffing or similar filling
- Needle and thread
- Bias tape for the flag line 150 cm
- Small piece of crisp paper 10 x 6 cm
- Wooden rings 1 x Ø 7,5 cm and 1 x Ø 4,5 cm
- Rattle box 1x
- Foam rubber for the activity cube, required size: 12 x 12 x 12 cm, or toy stuffing

Pattern pieces

1. Playmat dog front 1x
2. Activity Cube 1x
3. Flag line 1x
4. Cuddle cloth head 1x

Instructions:

- First, cut out all the parts along the dotted line. The seam allowance of 1cm is included.

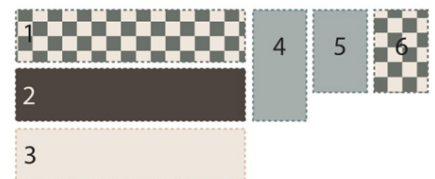

Iron fusible interfacing on the following parts:

- Flags
- Bone from the playmat

Make the following bias tapes:

- 1/2/3: for the playmat
- 4: for the activity cube
- 5: for the activity cube
- 6: for the activity cube

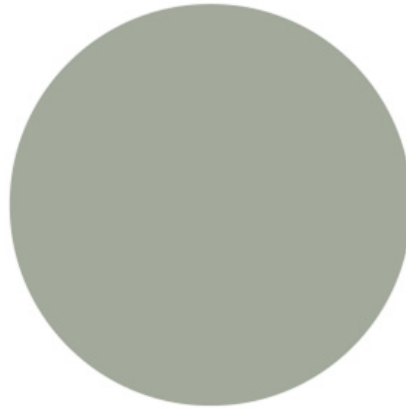

- Fold both long sides to the middle and iron. Fold and pin together and sew the bias tapes. Repeat for all 6 bias tapes.

Cut to size:

Dog Playmat, you can use the frontside off the playmat as cutting example to cut the following parts.

- Backside dog playmat Ø 91 cm

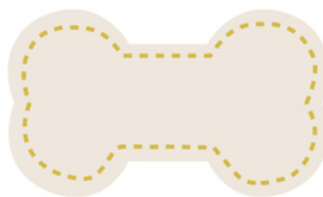

- Fiberfill Ø 90 cm

Dog Playmat Bone

1. Pin the bones with right sides facing each other, sew together leaving an opening in the middle off the long side from the bone.
2. Turn the bone, place one edge from the bias tape in the opening and close by hand.
3. Topstitch 0,5 cm from the edge, like yellow marking:

Paw:

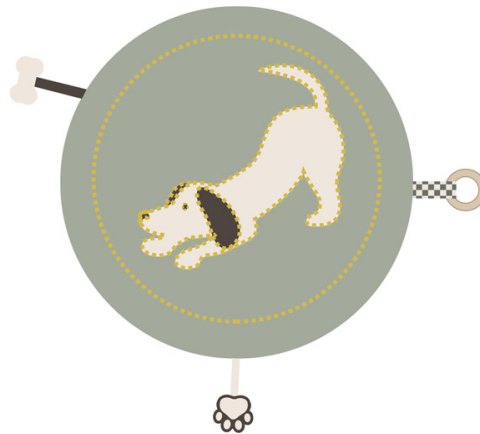

4. Place the paws with right sides facing each other, pin in place, sew around, leave an opening at the top from the paw to turn.
5. Turn the paw, fill with toy stuffing, add the rattle box and place one edge from the bias tape in the opening and close by hand.

Label with wooden ring:

6. Fold the edge off the label 1 cm inside, pin the label around the big wooden ring, and close.
7. Pin in place at the front off the playmat.
8. Pin the label with the wooden ring, paw, and bone in place as shown in the image below.

9. Pin the dog playmat and the backing fabric right sides facing each other. Sew together leaving an opening for the fiberfill.
10. Turn the playmat, fill with fiberfill and close the opening by hand.
11. Topstitch along the outlines, like the yellow marking below.

Flagline

12. Pin the flags with the right sides facing each other, sew together leaving an opening at the top.
13. Turn the fabric, repeat for all 5 flags.
14. Put the flags in the correct order and line up the top edges. Open the bias tape, pin the top of each flag, right sides facing each other, onto the smaller folded edge and sew together.
15. Fold the tape over the flag tops, fold and pin the bias tape in place, sew along the open edge to close it.

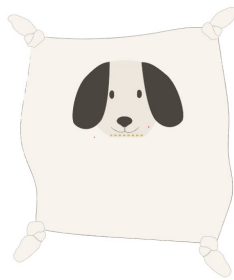

Cuddle cloth

16. Fold the fabric double in length with right sides facing each other, stitch around leaving an opening to turn.
17. Turn the body and close the opening by hand.
18. Tie knots at each of the 4 corners, see below:

Dog Head:

19. Place the right sides of the ears together, stitch them together leaving an opening for turning.
20. Turn the fabric and close the opening by hand.
21. Place the parts of the dogs head with the right sides facing each other, pin the ears in between, and leave an opening at the bottom for filling and attachment to the body.
22. Fill the head with toy stuffing. Fold the seam of the head inside. Place the head in the middle of the body and close the opening by hand onto the body. See image below:

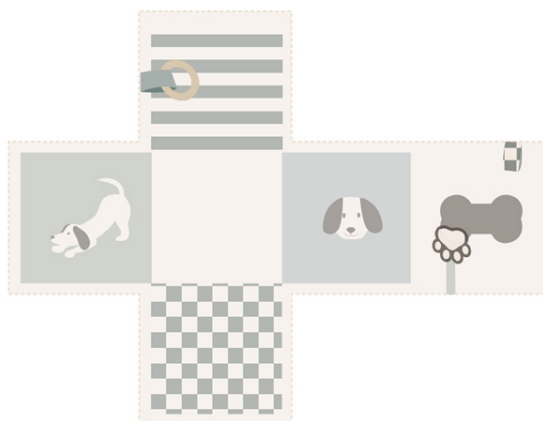

Activity Cube

Small Paw:

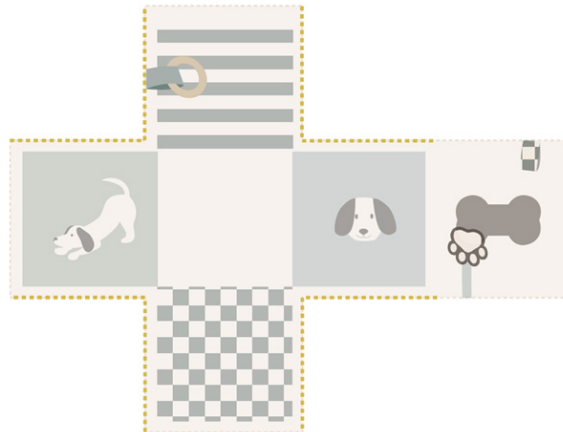

23. Place the small paws with the right sides to each other, pin in place, sew around, leave an opening to turn.
24. Turn the fabric.
25. Insert the bias tape into the opening and close by hand.

Activity Cube:

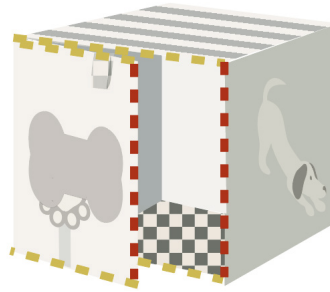

26. Pin the small paw, label with small wooden ring, and the label in place as shown below:

- 27.** Pin the edges with the right sides facing each other, sew together, see the yellow marking below:

- 28.** Pin the last 2 edges, see yellow marking below, sew around, ensuring the cube shape is maintained. Leave an opening for turning.

- 29.** Turn the fabric and fill with the foam rubber or toy stuffing.
30. Close the opening by hand, see red marking above.
